

Long Rika-Nozzle

- sealant nozzle with large flange

The long Rika-Nozzle is made to make joints in tight places, e.g. VELFAC windows, aluminum frames, and between rollers and overhang plates.

The long Rika-Nozzles can go deep into tight spaces. (150 mm)

The large opening in the end makes it easier to seal with thick flowing sealants (5.5 x 10.5 mm)

- The long Rika-Nozzle can be used vertically and horizontally.
- The opening at the tip 5.5 mm x10.5 mm
- Length 150 mm
- Material: PE
- For sausages/bags 600 ml
